

NCHCR

The Vision: The National Coalition of HealthCare Recruiters will enjoy the highest level of membership participation as a coalition of independent healthcare recruiters. The coalition will prosper as a result of the mutually beneficial effect it will have on all partners. NCHCR will have an honorable reputation as a result of the integrity of the membership and the manner in which it serves the healthcare community. NCHCR will be a recognized and respected entity within the profession of HealthCare Recruiting.

The Mission: To launch an exclusive national coalition of healthcare recruiters. NCHCR will provide a forum for ideas that affect independent recruiters. NCHCR will encourage the utilization of tools and education that will assist in the development of its partner companies and services. NCHCR will ensure all members have access to the best of technology for marketing and fulfillment. NCHCR will develop a leadership team, national job board, national convention committee and information platform that will serve the membership and the healthcare providers.

The Opportunity: To empower independent healthcare recruiting firms so that they can act as one group while maintaining their self-autonomous state. NCHCR will re-establish the strong working relationships between the recruiter, client, and physician.
